

**David S. Goldberg**  
***Executive Vice President, Central Region***  
***Allegheny Health Network***

In 2014, David Goldberg was named Executive Vice President, Central Region of the Allegheny Health Network which includes Allegheny General, Allegheny Valley, Canonsburg, Jefferson, West Penn, Forbes Hospitals, and most recently Saint Vincent Hospital, Bethel Park, Peters and Wexford Health and Wellness Pavilions, five ambulatory surgery centers and four urgent care centers across Greater Pittsburgh. In this role he works in partnership with hospital executive and physician leadership focusing in the areas of patient satisfaction and quality, operational and financial performance, stakeholder engagement and leading transformational change within the region.

Prior to joining Allegheny Health Network, Mr. Goldberg served as President and CEO of Baptist Medical Center, Northeast Baptist Hospital and system executive for behavioral health and cardiovascular service lines at Baptist Health System, a five-hospital system in San Antonio, Texas. Previously, he served as Vice President for Pediatrics and Administrator of Inova Children's Hospital in Fairfax, VA. He also served as Chief Operating Officer of Inova Mount Vernon Hospital in Alexandria, VA, where he was directly responsible for acute care operations, business development and medical staff affairs. Prior to this role, he served as Vice President of Development and Planning for Loudoun Healthcare/Loudoun Hospital/Loudoun Healthcare Foundation in Leesburg, VA.

Mr. Goldberg received his master of science in health care systems management from George Mason University and completed his undergraduate work at West Virginia University and is a member of the PA Early Learning Investment Commission.

Mr. Goldberg is married to Noel Goldberg and has two daughters, Reagan and Ryan, and lives in Gibsonia, PA.
