Awards/Honors

The Pennsylvania Early Learning Investment Commission has awarded its 2011 Champion for Children award to James E. Rohr, chairman and CEO of the PNC Financial Services Group. The award recognizes a business leader who has made significant contributions to educating policymakers, community leaders, and corporate executives about the enormous benefits that early childhood education programs provide to businesses. As chairman of PNC, Mr. Rohr provided the vision for PNC Grow Up Great, the company's 10-year, \$100 million investment in school readiness for children from birth to age 5.
